JSETS Login & Contact Information

- JSETS database login
<https://prmsglobal.prms.af.mil>
- JSETS Operations Support Team
 - Commercial phone: 586-239-3701
 - DSN: 312-273-3701
 - NIPR email:
127.wg.prms.mail.org@us.af.mil
 - SIPR email:
usaf.mi.127-wg.mbx.prmsmail@mail.smil.mil

Using JSETS

Look for a registration in JSETS if:

- The alert message states “See JSETS” anywhere in the registration section.
- Any registration information is in doubt.
- If the beacon is a CSEL (Combat Survivor Evader Locator).

NOTE: JSETS beacons are added to the USMCC in real time.

Using JSETS (Cont'd)

- Some beacons identified as being part of the US military in the RGDB may not be registered in the JSETS database. If so, inform the owner that they need to register with JSETS.
- When filling out the IHDB for a JSETS beacon, mark the *Registration Accuracy* sections as Unverified.

IBRD Access

The IBRD is designed for countries that do not have their own 24/7 beacon registration database. Access the IBRD at:

www.406registration.com

To determine a country's registration point of contact, see:

www.cospas-sarsat.int/en/contacts-pro/contacts-details-all

IBRD Account Access Problems

For any IBRD account access issues (e.g., forgotten password or being locked out of the system), call the USMCC Controller to report the situation and receive assistance:

+1 301-817-4576
